

LEVARHT

SHALLOTS

ORIGIN

Shallots belong to the same family as the onions. While the taste of shallots comes close to the onion taste, the shallot has a milder flavour. But can still bring you to tears when you peel the product.

Shallots are available in different varieties (round and long) Banana shallots, yellow pickle onions, red pickle onions. And are also available in a large variety of prepacked product. Ask your contact at Levarht for the different packaging options.

Most shallots come from France and Holland, with these two countries we are able to supply our customers year round.
